This information is provided for purchasers of QuickExtract™ FFPE RNA Extraction Kit represented by the following catalog numbers: QFR82050 and QFR82805.

The Kits contain several reagent tubes.

QuickExtract™ FFPE RNA Extraction Solution  
Buffer 1  
RNase-Free DNase I  
Stop Solution

RNase-Free DNase 1 is isolated from bovine pancreas and is believed to be free of TSEs. A material safety data sheet for glycerol is provided. These materials are for research use only.

QuickExtract™ FFPE RNA Extraction Solution contains Tris•HCl. A safety data sheet is provided for Tris.

Safety data sheets for Buffer 1 and Stop Solution are provided.

EPICENTRE recommends all normal precautions be taken whenever all hazards are not known. We recommend wearing gloves and avoiding direct contact with skin and eyes when handling biochemical and chemical reagents or solutions.

This information is believed to be correct; however, EPICENTRE makes no guarantee of the accuracy or completeness of the data and shall not be liable for any damages. This document is offered solely as a guide for the customer's consideration, investigation and verification. These suggestions do not replace state, municipal and/or insurance requirements. Any use of this information must be determined by the user to be in accordance with applicable federal, state and local regulations.
